From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A7146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on March 26 - 27, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, seventy-seven of the seventy-eight items were located (one item was noted to be missing a decal, two items require a correction be made to the property record, and one item (canopy) could not be located). The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment located at the command to the OPI inventory list, forty-nine of the fifty-two items reconciled and three items require corrections to the property record. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by August 29, 2009.

Subject: ANNUAL PHYSICAL INVENTORY OF EQUIPMENT AND VEHICLES

The attached checklist details the complete Annual Physical Inventory of the Arrowhead Area equipment and vehicles. All items have been located and physically verified with the exception one 10x 10 canopy and two radar units. Radar units (#115508 and #105572) were not physically verified due to having been sent to San Diego State University for recertification and repair. The identification of the radar units were verified against the recertification request to ensure they matched the Area's inventory list. The 10x10 canopy (#144942) has not been located.

Area conducted an extensive search for the canopy. Briefing items were prepared and officers and sergeants were contacted and asked if he/she knew of the location of the canopy. A second detailed search of the Area office was then conducted. Additionally, each Area within Inland Division was contacted and despite efforts, the canopy has not been located. Corrective action has been taken to address the responsibility of the safekeeping of assigned equipment. In the future, permission from a supervisor or the Area Public Affairs Officer must be obtained prior to anyone using the canopy.

Scanner #R54177 is currently assigned to patrol vehicle license #1215595. When compared to the inventory, the inventory reflects the number assigned to the scanner as # R54122. An investigation into the matter concluded that the poor penmanship on the CHP 57 transferring the unit to our Area was interpreted incorrectly. The inventory also shows the Area has a scanner #R80959 in patrol vehicle license #1215480. Area has neither the vehicle nor the scanner. Martin Chavez, Telecommunications Section is handling these matters at this time to make the appropriate corrections.

WAIVER STATEMENT

On or about August 18, 2007 Officer E. Escalera, ID# 10985, utilized the Arrowhead area's public affair's EZ-Up canopy (#144942) for the area's annual softball tournament. Afterwards, Officer Escalera stored the canopy in one of the Arrowhead area's locked storage sheds located in the area's secured parking lot.

The canopy was not used or seen again by any Arrowhead CHP personnel. An exhaustive search, including contacting all surrounding CHP areas, as well as Inland Division, failed to yield the missing canopy.

No further information is available at this time.
